

Introduction to ISO 14001:2004 Training Course

COURSE OVERVIEW

This one day course will give you a practical introduction to ISO 14001. By using an ISO 14001 management system you will see how your organisation can be legally compliant and reduce your impact on the environment.

YOU WILL LEARN...

- Understanding of ISO 14001:2004 standard
- The real business benefits of ISO 14001:2004
- Legislation and how to be compliant and stay compliant
- Meeting the needs of stakeholders

WHY CHOOSE QCS FOR TRAINING?

Peace of mind that your qualification is valid: As an IRCA approved organisation, our courses, our company and our trainers undergo an intensive inspection and assessment every year.

We make sure you don't fall asleep: We have invested heavily in our courses to make them interactive. Simply put, it is our belief that if we keep you involved in learning you will learn more and be able to use more back at work.

Our trainers still practice what they preach: Yes we have highly qualified industry experts to train our courses but more importantly all our trainers still actively work with a range of companies and can pass this experience on to you.

“ QCS has provided us with a flexible service. We have used standard training and bespoke training packages. QCS have managed to instil a confidence in our audit team that was lacking. Our management systems seem less challenging with the expert advice from QCS behind us”
